FrontEnd Developer

FrontEnd Developer with UI/UX expertise, skilled in JavaScript, React.js, Tailwind CSS, and Figma. Familiar with backend fundamentals using Node.js, Express.js, and MongoDB. Passionate about building responsive, user-friendly, and visually engaging digital experiences. Eager to learn, collaborate, and contribute through internship opportunities.

Relevant Coursework

- FrontEnd Web Development
- Cloud Computing and Deployment (Netlify, Vercel)
- UI/UX Designing (Figma)

Experience

IT services and consultancy company

Feb 2025 – March 2025

Web Developer

Remote

- Designed and developed full-stack web applications using MongoDB, Express.js, React.js, and Node.js, ensuring responsive, cross-browser, and mobile-friendly solutions.
- Built reusable UI components and integrated RESTful APIs, combining React.js, Tailwind CSS, Node.js, and MongoDB to deliver visually consistent and data-driven user experiences.
- Optimized and debugged frontend and backend code, improving load times, overall performance, and enhancing seamless user interactions.

Projects

CoinScope – Cryptocurrency Tracking Platform

[coinscopee.netlify.app](#)

- Designed the user interface in Figma and developed a responsive cryptocurrency tracking platform using React.js and Tailwind CSS, enabling users to monitor real-time crypto prices and market trends.
- Integrated the CoinGecko API to fetch and display live cryptocurrency data, providing accurate and up-to-date market insights.
- Built intuitive UI components and interactive dashboards, ensuring enhanced usability, visual consistency, and cross-device accessibility.

Resumify – AI Resume Builder

[resumify-airesumebuilderr.netlify.app](#)

- Designed the complete UI/UX in Figma and developed a responsive resume-building platform using React.js and Tailwind CSS.
- Built dynamic and reusable components to generate structured, professional resumes with a focus on usability and clean design.
- Ensured cross-device responsiveness and visual consistency, delivering a smooth and intuitive user experience; deployed on Netlify.
